ROLE & BLUEPRINT

THE WAY FORWARD

1. ABOUT PDSSC

Launching Ceremony

March 2016: the ministerial conference on south-south cooperation: **the center of excellence for south-south cooperation in the field of population and development (PDSSC).**

May 2017: **launching ceremony** of PDSSC in CPDRC.

2. Role and Blueprint of PDSSC

Role

Blueprint

- Knowledge hub: exchanges, communication, cooperation among research institutions and think tanks from developing countries.
- Joint research, training and the “best practices”
- To boost the capacity in the collection and use of population data
- To support countries in integrating population dynamics into social and economic policy-making.

3.ACTIVITIES

1st Africa-China Conference on Population and Development, Nairobi, Kenya, 2017

The 2nd China-Africa Conference on Population and Development

Training Workshop on Population Data Collection and Population Projection

Time: Dec 3 to Dec 7, 2018

Participants: work on population-related area from African and developing countries.

Theme: population projection methodology, population projection software (PADIS-INT)...

Goal: Enhance the capacity building of people who work on population and development area; "introduce" Chinese advanced experiences in this field to other countries.

Announcement: 2019 Training Workshop on Population Data Collection and Population Projection

Participants: 15+ participants from African and other developing countries

Time: Oct 21-25, 2019

Place: Nanjing, Jiangsu Province, China

4. The Way Forward

Deepen International Cooperation

- ➡ Cooperation between different departments of government
- ➡ Cooperation between government agency and non-government organization
- ➡ Cooperation between developing countries and developed countries

Foster Sustainability

- ➡ Application for the south-south cooperation fund
- ➡ Search for other funding sources as the foundation for future cooperation

Explore more Cooperative Areas

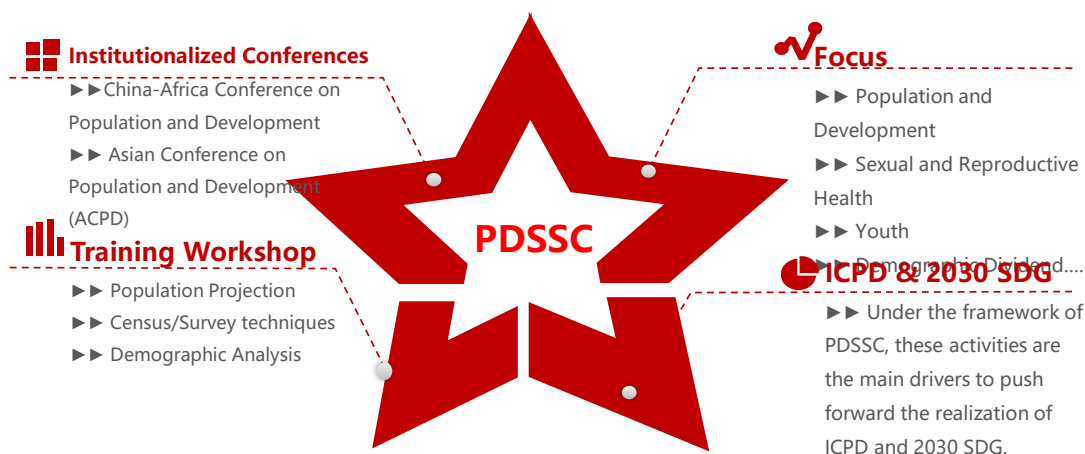

- ➡ Beyond "Demographic Dividend" and related issues in the area of population and development, explore more cooperation on issues of mutual interest

Construct Cooperation Mechanism

- ➡ Regular conferences on population and development
- ➡ Regular training workshop as a way of capacity building
- ➡ Provide technical support to promote development

»»» The Way Forward: PDSSC and the Achieving of ICPD and 2030 SDG

CPRDC have established close relationship with international agencies and universities to work together in promoting China' s population development in terms of gender equality, reproductive and maternal health....

We are looking forward to more extensive partnership with international organizations to push forward cooperation in terms of population and development in the future.
